MAX-WELL'S

OCEAN TREASURE

Unleash the Goodness of the Sea!

OCEAN TREASURE INGREDIENTS

Irish Moss, Nori Yaki, Red Dulse, Laver, Sea Lettuce, Bladderwrack, Rockweed, Fingered Kelp, Alaria, Sea Mineral Solids

WHY SEAWEED IS SO SPECIAL

Seaweeds are the oldest plants on earth, and they contain the best nutrients. They are the only plants in the world that possess the full gamut of minerals, trace minerals, enzymes, co-enzymes, vitamins, chlorophyll, growth hormones, phytonutrients and other needed compounds.

MAX-WELL'S

OCEAN TREASURE

OUR SEA MINERAL SOLIDS

Our sea mineral solids are made by evaporating 100 gallons of pure Australian ocean water down to just one gallon. Around 99% of the sodium and most of the chloride solidify, leaving a liquid that is low in sodium but rich in trace minerals.

Once this evaporation process is complete, we flash dry the remaining liquid to create a powder that has a wonderful amount of trace minerals.

Many people note that within days of beginning to take our sea minerals, they have an increase in energy.

Unleash The Goodness of The Sea!

- May help fight allergies
- Promotes healthier skin
- May lower cholesterol levels
- May help relieve stomach disorders
- Supports a healthy liver
- May help fight free radicals

Potential Seaweed Benefits

- May inhibit blood clotting
- May assist in weight loss
- May help stabilize blood sugar
- Supports healthy detoxification
- May boost anti-viral immune response
