

How to Use Our Spa Products

For head to toe goodness!

STEP 1

SOOTHING SEA SOAK

Fill a warm bath and add 1/2 - 1 cup of Soothing Sea Soak to the water. Lay back and relax as the aromas fill the air. Soak for 15 minutes or longer to promote detoxification and enjoy other enriching benefits. Enjoy soft, supple, healthy skin!

STEP 2

WHIPPED RICE & COCONUT SCRUB

Scoop up a small amount of whipped scrub, add water and massage onto skin until a gentle lather forms. Proceed to gently scrub for 30 seconds to a minute. Our scrub will both exfoliate and gently cleanse the skin. Rinse with warm water.

STEP 3

SEABOOST CREAM

If you have not already tried our SeaBoost Cream, we highly recommend it as a nourishing moisturizer. You can apply it on its own to clean, dry skin; or add it as a fourth step in your spa process. This can be perfect for a luxurious overnight treatment!
